EDUCATION

University of Washington Tacoma

Bachelor of Science in Computer Science and Systems

Current Coursework: Discrete Mathematics, Programming Practicum

Expected Graduation: June 2027

Tacoma, WA

Bellevue College

(GPA: 3.6)

Graduated: December 2024

Bellevue, WA

PROJECTS

Leasing CRM

2025 – Present

React, Tailwind CSS, Vite, JavaScript, Firebase, FastAPI, Render

- Deployed frontend, backend, and AI worker across Vercel, Render, and Cloudflare, using environment variables to secure API keys in public repositories.
- Resolved Firebase SDK incompatibility with Cloudflare Workers by refactoring to use Firestore's REST API.
- Live prototype: leasing-crm.vercel.app

Leasing Assistant

2025

Cloudflare Workers, JavaScript, Firebase, Gemma 3

- Solved inefficient searching through lead profiles by building a database assistant for leasing agents.
- Learned that explicit language and placing critical constraints first are essential when prompting LLMs, resulting in fewer hallucinations and more accurate responses.
- Chose Gemma 3 over Llama 3.3 after testing showed it hallucinated less and followed instructions more reliably.
- Try in the CRM: leasing-crm.vercel.app | API Endpoint: leasing-ai-assistant.rresnik2.workers.dev

SKILLS

Languages: JavaScript, Java, Python, C#

Frameworks/Libraries: Node.js, Pandas, REST APIs

Data/Tools: SQL, Git/GitHub, Linux/Terminal, Vite, Vercel, JUnit, Firebase/Firestore

Web: HTML, CSS, JSX, React, Tailwind CSS

Product Skills: Prompt Engineering, Cross-functional Collaboration, Requirements Gathering, User-Centered Design

EXPERIENCE

Arlo Apartments

Aug 2024 – Aug 2025

Leasing Professional

Seattle, WA

- Gathered requirements from prospects with unclear needs, translating them into concrete next steps and recommendations.
- Tracked and triaged resident requests in the CRM to ensure maintenance saw to a resolution in the expected timeline.
- Ensured leaseholder data accuracy by creating checklists to verify lease details before submission.
- Coordinated sponsors and vendors for resident events, managing handoffs between shifts.

Whole Foods Market

Oct 2022 – Aug 2024

Customer Service Supervisor

Seattle, WA

- Led front-end operations; coached and scheduled team members; handled escalations and cross-department communications.
- Streamlined checkout/guest support workflows to reduce wait times and improve store readiness.
